

Karen L. Anderson, Ph.D.

Childhood Hearing Loss Consultant

Director, Supporting Success for Children with Hearing Loss

karenlanderson@earthlink.net karen@successforkidswithhearingloss.com

<http://successforkidswithhearingloss.com>

Education

PhD: Florida State University, Communication Sciences and Disorders	2002
EdS: Utah State University, Educational Audiology	1987
MEd: University of Minnesota Duluth, Audiology	1981
BAS: University of Minnesota Duluth, Communication Disorders	1979

Completed Institute of Special Education Advocacy, Wm & Mary Law School, August 2016

Established Supporting Success for Children with Hearing Loss, Inc, S Corp, January 2017

Licensed Audiologist in Florida (2000-present) and in Minnesota (2010-2017)

American Speech Hearing Association CCC-A since 1982, American Audiology Association 1990-2017

Board Certification in Audiology (ABA) 2003-2013, Pediatric Audiology Specialty Certification (PASC) 2012-13

Established Karen L Anderson Hearing Loss Consulting LLC, February 2011

Experience

Director, Supporting Success for Children with Hearing Loss & Karen L. Anderson Audiology Consulting LLC

Present

Educational consultation, extensive online resources and products, webcasts and speaking engagements.

- Comprehensive information and materials website with over 300 webpages (>20,000 visits/month)
- Planned extensive Supporting Success (SSCHL) Conferences: 2014, 2015, 2017 (various invited speakers on topics supporting mainstream students, exhibits)
- Speaking 2017: FL, IN, KY, ND, MA, Manitoba Canada, WI, (Clarke Mainstream)
- Speaking 2016: FL, NJ, NE, TX, Alberta, Canada
- Speaking 2015: NY, CA, WV, SD, TX, MO, NJ, OH, NC, CA, Victoria, Australia
- Speaking 2014: IL, WI, MD, UT, Nova Scotia, RI, KY, VA, NC, SC, Toronto, LA, MN, EHDI, AG Bell)
- Speaking 2013: IL, OR, SD, Ontario, PA, Spain, WA, NH, KS, MI, NY, CT, New Brunswick, (EAA)
- Speaking 2012: MN, WI, WY, Hong Kong, Ontario, IN, IL, Newfoundland, OH, OR
- Topical Bimonthly Update sent to 10,000 subscribers; Update newsletters started in 2012-2013
- Teacher Tools membership site launched September 2013. Had 250 members in the first school year; 960 in second school year (2014-2015), 1050 members in 2015-2016, and 1303 in 2016-2017.
- Over 50 products available for purchase (*personal shopper for teachers of the deaf/hard of hearing*)
- Established *Supporting Success for Children with Hearing Loss Publications* in 2014. Hold ISBN codes on 27 digital or print publications for sale through Supporting Success for Children with Hearing Loss
- Personally authored 7 teaching materials guides for early intervention and school-age support
- Completed book for Butte Publishers, Fall 2011: *Building Skills for Success in the Fast-Paced Classroom: Optimizing Achievement for Students with Hearing Loss* and *SCRIPT: Student Communication Repair Inventory & Practical Training*. Assumed publication of these titles in 2017.

MINNESOTA DEPARTMENT OF HEALTH St. Paul, MN

May – Nov 2009

Coordinator of the EHDI Community Collaborative project. Recruited, supported and oversaw the successful implementation of local multidisciplinary community teams throughout the state to improve early hearing loss detection, timely referral and appropriate early intervention services for families so that every baby identified would have timely, appropriate services and good developmental outcomes. Ongoing consultation with teams using PDSA approach, training/development of materials to support project goals, including Public Service Announcement about the importance of early hearing screening and follow up as part of a multi-agency effort to produce television programs on childhood hearing loss for multilingual audiences.

FLORIDA DEPARTMENT OF HEALTH Tallahassee, FL**2000 – April 2009**

- **Audiology Consultant** (2000 – 2009) Planned and implemented the state Early Hearing Loss Detection and Intervention Program. Collaborated with audiology leaders in state to develop screening and diagnostic protocols. Innovative development of a collaborative, publicly funded state hearing aid loan bank. Recruited pediatric audiologists into a state network of excellence. Regular Infant Hearing Update presentations made regularly to audiologists at state and local meetings.
- **Early Intervention Coordinator** (2002 – 2009) Developed a statewide early intervention component specific to families of children with hearing loss. Established communication development monitoring protocol for systematic evaluation. Oversaw delivery of Serving Hearing Impaired Newborns Effectively (SHINE) in 15 Early Steps programs throughout Florida. Widespread networking with all stakeholder groups providing services to families of children with hearing loss resulting in ongoing training/technical assistance and multiple presentations to groups each year. Successfully nurtured collaboration among disparate therapy, teacher, and provider stakeholders. Extensive development of policy and materials for service-delivery training and presentation. Established and annually planned a collaborative Symposium 2000-2009 drawing over 300 participants.
- Department of Health liaison to the 17-member Florida Coordinating Council for the Deaf and Hard of Hearing 2004-2009. Conducted quarterly meetings, public hearings, supervised outreach, referral, information services, wrote state reports, managed \$250,000 budget. www.FCCDHH.org
- Bureau liaison with Medicaid during 2006-2007. Planned a means to structure payment for services in a way to allow fiscal leverage and encourage greater provider participation. Also on Training Team.

FLORIDA STATE UNIVERSITY Tallahassee, FL**1999 - 2002****Academic Researcher**

Recruited into the Florida State University doctoral program with emphasis in multidisciplinary leadership. Worked with students to support success and in an advisement capacity. Taught/co-taught both undergraduate and graduate courses and guest lectures related to hearing loss, specifically basic audiology, aural habilitation and speech and language of hearing impaired. Conducted multiple research studies including a DOE OSEP funded project. Far-reaching acceptance of results subsequently changed national practice so fewer sound field amplification units are provided to children with hearing loss in favor of personal ear-level or desk top FM systems. (<https://successforkidswithhearingloss.com/for-professionals/personal-fm-vs-sound-field-fm/>)

PUYALLUP SCHOOL DISTRICT Puyallup, WA**1994 – 1999****Educational Audiologist**

Pioneered the set up and management of FM, sound field, and personal loaner hearing aid program and established aural habilitation services to students in a newly established school district hearing impaired program. Comprehensive regular monitoring of amplification devices. Responsible for teacher collaboration on meeting student listening needs, teacher instruction on FM use and aural habilitation techniques, educational monitoring, and amplification management of all ages. Provided direct aural habilitation services.

TACOMA SCHOOL DISTRICT Tacoma, WA**1987 – 1992****Educational Audiologist**

Improvement in the quality of hearing loss identification via technical assistance and training to school nurses who performed hearing screening. Conducted hearing evaluations secondary to hearing screening identification. Provided reports supporting special education qualification and consultation services to mainstream teachers. Developed system to track students with known hearing losses and produced newsletters for 100+ staff to increase awareness of educational implications of hearing loss.

NORTHEAST EDUCATIONAL COOPERATIVE SERVICE UNIT Duluth, MN**1983 – 1988****Regional Educational Audiology Consultant**

Consultant to 35 school districts in a region comprised of 17,500 square miles. Extensive inservice presentations, consultation to develop appropriate educational programs for students, monthly newsletter to districts, student evaluation of auditory and classroom listening needs, and equipment monitoring. Consultative services resulted in improvement in the identification of, and appropriate services to students with hearing loss. Initiated a sound field amplification demonstration project.

OTOLARYNGOLOGY PRACTICE Superior, WI**1982 – 1983****Clinical Audiologist**

First audiologist to practice in city; worked with new otolaryngologist recruited by city hospital. Set up clinical program including diagnostics of all ages, hearing aid evaluation and fitting. ENT relocated after one year.

FARGO PUBLIC SCHOOL DISTRICT Fargo, ND
Educational Audiologist

1981 - 1982

Implementation of a grant-funded program utilizing tympanometry in hearing screening practices. Training of speech language pathologists, referral decisions, physician and parent contacts.

Publications and Presentations (CV available <https://successforkidswithhearingloss.com/the-sschl-team/>)

Refereed publications: 17 Non-refereed publications: 37 Paid invited presentations: 138
Refereed presentations: 37 Non-refereed presentations: 13 + many; Journal articles reviewed:39

Publications: Test Instruments (available for download or purchase from website)
